earthy | fudgy | molasses

Finally a coffee for those bold daring adventurous in spirit looking for a coffee with substance! Brew yourself a cup or two of this coffee... if you dare... Intensity in the cup is off the charts especially at the darkest roast levels. There is a dark chocolate earthiness that is perfectly balanced by the winery uplifting components of the cup. Overall cup qualities are satisfyingly intense while not being bitter. The energizing nature of this blend has a way of changing an ordinary day into something more like an adventure. Those rugged mountain slopes seem to beckon a welcome. Brew a thermos, enjoy fudgy rich heavy body notes, energized by winery overtones, earthy molasses nuances with hints of vanilla and a smooth hazelnut finish.
