**DATE ROASTED**

red apple | wildflower honey | dark maple syrup

Brew a cup of our classic after dinner coffee affectionately called “Dessert Blend”. Just what you need to offset those “sweet Southern desserts” and to top off a memorable dinner together. The coffee is clean tasting with smooth finish. The rich flavor is nuanced with notes of dark red apple, wildflower honey, roasted pecan, and finishes with a dark maple syrup and brown sugar taste, with a hint of cocoa and vanilla. At our recommended Blonde or Medium Roast the cup is rich, balanced, sweet, and smooth. The clean finish is great for after dinner coffee. This coffee was designed for drip brewing but perc, pour-over, or French press are also compatible. Adjust intensity by grind & brew ratio, start with 16:1 at medium grind. Adjust as needed.
