tangerine | oolong tea | raspberry

Mountain Vista - A place of beauty, where you can stop relax and enjoy nature's paradise. This blend has a classical beauty of its own comprised of prime Ethiopian beans and Guatemala's Huehuetenango beans. They come together in an exiting way with an unmatched energizing vibrancy. Bright sparkling acidity, smooth clean taste, medium body, juicy and bouncy in nature. Crisp full nuances of refreshing tangerine, oolong tea, raspberry, sugar waffle cone, cooked peach, and a little floral in the clean finish. City roast will develop nice clarity of nuance, and a citrusy light chocolate taste. This coffee has a broad brewing spectrum and with its energetic engaging personality it has a beauty like a Mountain Vista.
