DATE ROASTED

citrus | milk chocolate | caramel

Here is a cup as balanced and beautiful as autumn itself. Autumn Breeze blends 100% Arabica beans from Latin America and Indonesia to create a rich elegant brew. Enjoy bright notes of citrus, layered with creamy milk chocolate and a silky caramel sweetness that lingers like the golden leaves on the breeze. Why we love it: Autumn Breeze hits all the right notes; bright and bold, yet soft and inviting. Every sip feels like that first invigorating autumn walk, coupled with the comforting nuance and warmth of rich chocolate and caramel. It's fall made drinkable. Best at light, blonde, or medium roast. Light roast will accent more citrus notes while medium roast will bring out more chocolate and caramel notes. Brew as drip, AeroPress, or pour-over.
