brown sugar | dark chocolate | spices

There is no place like home! Home is where the heart is, a place of comfort and where our story begins. Our Home Sweet Home coffee blend has those types of characteristics. Soft comfortable yet deeply complex in structure. The cup feels round and juicy, with nuance of brown sugar, dark chocolate, red apple, wild honey, and baking spices. It finishes clean soft and sweet with a bit of cooked spiced pear nuance. It is a well balanced pleasant cup of coffee that feels comfortable, with character, it feels like home the place where your story begins. To create this cup of beauty we blended a couple of our favorite beans; an earthy spice toned Indonesian Sulawesi with a bright energetic El Salvador bean. This unique pairing is simply magical at medium roast level.
