African Sunrise - born on the African safari where there are incredible sights from sand dunes to savannas teeming with wildlife. At sunrise the wild countryside comes to life. With our African Sunrise coffee you can almost touch the wild incredible African landscape as you taste the flavors of this paradise of wild natural beauty. Experience exotic fruity notes like peach, dragon fruit, pomegranate, persimmon, mango, orange, with berry notes like blueberry, strawberry, and rich fudgy body notes like milk chocolate, honey, and brown sugar. These delicate nuances dance together in this bright early morning light roasted coffee. Crafted for our lightest "Cinnamon Roast" where the beans are pulled from heat at very beginning of "first crack". Light n bright
