HARVEST
2025

dark chocolate | earthy | molasses

Smell the burning rubber and spent race fuel, hear the intense squawking and squealing of hot tires breaking loose from the asphalt as finely tuned high performance engines roar in intensity racing down the track fueled by special high octane blend of racing fuel. This coffee blend was formulated for the high performance entrepreneur who needs to get things done. A no-nonsense blend with high natural caffeine content and a richly intense earthy coffee taste. Nuances of earthiness, dark chocolate, molasses are deep rich and intense, especially so at darker roasts. We recommend at least full city roast to fully develop blend character, try a darker roast if more intensity is desired. The natural energizing caffeine will quickly take you from zero-wide open.
