Harkening from the very birthplace of espresso in Italy. Our Southern Italy is the traditional blend beckoning from the rich intense culture of Southern Italy. Where the classic espresso is very dark and strong as being the established standard of perfection amongst the local community. This special blend of beans must be roasted perfectly to a very dark oily finish to impart the expected quality to the customary daily espresso drinks. No day can be complete without this energizing drink with predominately dark chocolate earthy notes and its intense yet velvety but rich molasses-like character. The strength of cup is quite impressive. A dark Italian Roast level is the key to achieve the rich depth of character that this espresso offers.
