Frosty Beans - Early morning sunrise lights the sky and the rays of light reflecting off the glittering white frost is dazzling. The air is crisp and invigorating, the day is just beginning, and in the steaming mug is freshly brewed coffee, not just any coffee, but a fine specialty-grade, bean-blend called - Frosty Beans. This coffee matches the fresh morning atmosphere in its crisp energetic nature. It is a vibrant full cup sporting lively acidity, incredibly clean and smooth in structure, with an unmatched natural sweetness. Taste nuances of caramel, black tea, nectarine, cane sugar, and waffle cone. Mouthfeel is round, sweet, and clean. The prime roast range for this blend will be in the city to medium roast styles.
