The excitement, the adventure, the thrill of hunting for treasures. The old red barn has much to offer.... antiques, homemade items, and items crafted by master carpenters.... But the tastiest treasure is our Signature Red Barn Blend of coffee! A fresh pot is brewing and smells oh-so-good, the sound of laughter rings out, happy smiles of friends, good conversation, pull up a chair, help yourself. This coffee is known for is brown sugar, hazelnut, chocolatey goodness. The kind of coffee you want refilled just as soon as the bottom of the cup isn't covered anymore. Fill it up again, please! Standard roast for this blend is Full City Roast, but it also makes a very good Light Roast profile. Brew as drip or perc, designed for large batch brewing.
