dark chocolate | cranberry | toffee candy bar

Legendary - This is the stuff legends are made of... Four legendary coffee beans in one blend. Coming from Africa - Kenya, from Indonesia - Sulawesi, from South America - Brazil, and from Central America - Nicaragua four famous world renowned coffees combined in one cup... It's Legendary, an amazing cup of complexity, superbly balanced, nice sweetness, great depth of character, and a clean juicy structure. The leading edge is savory, with a pleasant winery vigor, nuance of dark chocolate, cranberry, toffee candy bar, apricot, and baking spice in the lingering finish. An invigorating cup that feels refined and luxurious with plush body feel and richly smooth in nature. With a roast range from city to full city it makes for a Legendary coffee.
