HARVEST
2025

chocolate | malt | toasted nuts

Get energized with the natural high caffeine content found in this special blend of beans. It has been formulated to get your day “poppin” on all cylinders from the get-go or maybe just speed it up a bit. Whatever the case may be the energizing qualities of this coffee are sure to please. The hearty leading edge presents notes of dark chocolate, vanilla, and molasses along with a hint of ripe plum in the background. The pleasant, toasted nut taste in the taste in the finish is somewhat malty. The peppy character of this blend may be just what you need for a “poppin” good day! It is best at Full City Roast or Espresso Roast to build out the full taste of this blend.
