bakers chocolate | cedar | black strap molasses

Classic Bean is our take on the classic pairing of Ethiopian Yirgacheffe with Indonesia Sumatra. The bright Ethiopian character balances the deeply toned Sumatra structure quite nicely. It makes for a good satisfying chocolate spice forward cup, with an earthy roundness on the palette, and unmistakable Ethiopian sweet juiciness throughout. The cup is loaded with rich nuances of bakers chocolate, cedar, lemongrass, bakers spice, with hints of vanilla and molasses in the lingering earthy finish. Preferred at full city roast for greater mellowness and more diversity of flavor nuances. Enjoy as a classic French Press or espresso or really any brewing method you prefer. Supports cream and sugar if so desired.
