Gold Dust - bright gold glittering in the sunshine reflecting warm golden rays of a valuable treasure. Our Gold Dust blend stands out like a chest loaded with golden treasure. Crafted from bright African beans specifically for our lightest Cinnamon Roast to be perfectly light golden colored beans with full balanced sweet light roast taste. The beans natural qualities nicely develop even at the lightest roast stage making a golden cup of goodness with nuance of graham cracker, tangerine, and hot oolong tea. Acidity is bright and lively, body is smooth and sweet, the finish is juicy, somewhat dry with a lingering nuance of tea and red grapes. Gold Dust makes an excellent breakfast coffee, crafted for the lightest roast lover at our 352 Cinnamon Roast.
