Lost Planet Espresso - Like a whole new world this espresso blend, based on Guatemalan coffee blended with Indonesian coffee, is in a class of its own in the world of espresso. As rock solid as a secret planet and spinning radically on the scale of deliciousness. This is an espresso blend that you don't want to miss! The depth of milk chocolate structure, and deep seated syrupy earthy caramel base notes make it a solid choice for espresso drink creations. The lighter roast style adds a layer of light roast taste sophistication that just rounds out the taste. No wonder it is a favorite for those lost in the great world of espresso - our Lost Planet Espresso.
